SunnSait

Life has endless sunny sides in Maria Alm. A breathtaking sunrise, the babbling of a mountain brook, windblown summer meadows, tranquil winter landscapes, the scent of freshly-baked bread, the pleasant crackling of the fireplace – they all awaken us to new life if we simply enjoy them.

That special something

A complete ensemble is more than the sum of its parts. We highly value the details and that special something in all areas, so that you feel all-around good and well taken care of on your holiday in Salzburger Land. This is why we include a breakfast basket for the whole stay and offer a small fine wine selection in our lounge, the heart of the SunnSait complex.

Feel-good apartments

The interiors of our apartments complete their unmistakably pleasant atmosphere. Carpentered by our own with heart and soul from locally-grown wood and regional raw materials. Experience your home away from home in the heart of Maria Alm in Salzburger Land.

Wellness and wellbeing

Wellness is inextricably connected with feeling good. On holiday you should particularly take care of yourself and find your way to timeless tranquility. Here you can feel good in your very own personal way, just as you should. On your apartment holiday at SunnSait in Maria Alm, you enjoy relaxation as in a wellness resort — top-class and exclusive.
